Appl. No. 09/334,327  
Amdt. dated October 24, 2005

**REMARKS/ARGUMENTS**

In the amended FIG. 3, the labels have been added.

Claims 40-57 remain in this application. Claims 1-39 have been canceled.

The Examiner has indicated that Claims 40-57 are allowable over the prior art, but have been rejected under 35 U.S. C. 112 because the sole independent Claim 40 contained subject matter which was not described in the specification in such a way to reasonably convey to one skilled in the art in the relevant art that the inventor, at the time of the application was filed, had possession of the claimed invention.

Claim 40 has been amended to use language specifically found in the application as filed instead of the language objected to by the Examiner. In particular, the change in paragraph (c) of Claim 40 is based page 15, numbered paragraphs 1. and 2., and the change in paragraph (d) of Claim 40 is based on page 15, last two paragraphs.

In view of the foregoing, applicant requests a timely Notice of Allowance be issued in this case.

Respectfully submitted,
